## PERFORMANCE

### Port Terminal Railroad Association (PTRA)

ptra.com

We manage the network security needs of this rail network that transports commodities from the Port of Houston to all contiguous 48 US states, Mexico and Canada. This main artery of goods is a potential target for theft and attack. We protect the means of communication and logistics, data, and visual surveillance, by managing complex radio/antenna solutions, video monitoring systems, and advanced security on all network and internet traffic.
